

## Take Advantage Of Your Current Life Insurance Policy

If you have purchased a life insurance policy within the last four years from one of 90+ insurance companies, now is the perfect time to increase your coverage with Guardian.

Through Guardian's Take Advantage with Rapid App program, you may purchase additional permanent life insurance, two times your original policy's face amount up to a maximum of \$3 million. All with a simplified underwriting process: no routine medical or lab tests are required.

Lifetime protection is a special advantage of whole life and current assumption UL insurance, but isn't the only benefit.

Other advantages include:

- An opportunity to build cash value for future needs
- Potential for income growth with tax deferral
- Flexibility and affordability through an efficient design for both individual and business use
- Self funding in case of disability<sup>1</sup>

The company you choose is as important as the financial product you and your trusted representatives select. Guardian is a mutual life insurance company that is well positioned to provide our policyholders with sustained value over the long term.

Note: New supplemental policy is not guaranteed issue. If the application(s) submitted shows an adverse change in health, or if you were declined or rated for life or disability coverage in the last four years, there is a possibility you may not qualify under this program. In such cases, additional testing may be requested or standard underwriting procedures may be employed. The Take Advantage With Rapid App Program is not intended as a replacement program.

<sup>1</sup> With purchase of optional rider.
